Restoration work – Job done!

On May 16th FOLLA's architects formally signed off the restoration work undertaken by Coppell's, our main contractor.

To record the achievement – and promote the quality of the work undertaken – we have helped Coppell's make a short film which has been posted on YouTube. Visit <https://www.youtube.com/watch?v=FeHDTxI29qY&list=UUGTG6uNy1OSM6T7JEkjdZw> and see for yourself.

I've extracted a few quotes from the vox pops in the film:

...oh, and in case you'd forgotten what things used to look like up to the end of last year....

Shop signs

Within a week or so, Andy Parle, FOLLA's graphic designer, will have installed the 21 new shop signs (one per bay) to hang from the front of the canopy – for example...

'Heritage dividend' for local schoolchildren

During June, guided by former Headteacher, Sue Good, children from year 4 at Cavendish Primary, and years 5 & 6 at Didsbury C of E Primary, will visit the Arcade to reinforce classroom learning about life in their neighbourhood over the past 100 years.

The Commemorative Plaque

In the next few days we are sending a special bulletin to all of you who have contributed to the 'Pay for a Pane' scheme. It will illustrate and explain the design of the plaque. Pizza Express have now happily agreed to FOLLA erecting the plaque on their side wall. We hope our graphic designer can start constructing it in late June, so we are closing the 'Pay for a Pane' scheme on Sunday June 15th. This will be the last monthly bulletin with a 'Pay for a Pane' form attached.

Celebrating the success!

We are starting to plan a party sometime in the summer to celebrate the restoration and unveil the plaque. If you have any thoughts as to the form of this event do please let us know.
